**Choithram College of Paramedical Sciences**

At **Choithram College of Paramedical Sciences**, we are committed to deliver holistic, and value-based, education that supports our institutional mission of academic excellence and our vision of nurturing responsible, confident, and compassionate individuals.

We provide a structured framework for setting, monitoring, and achieving educational objectives related to curriculum, pedagogy, staff development, student well-being, and co-scholastic initiatives.

We uphold our commitment to meeting all applicable requirements, including MP PMC & MPMSU, statutory and regulatory obligations, and educational best practices. The College fosters a culture of continual improvement.

We proactively incorporate relevant educational, scientific, and technological advancements. As part of our social responsibility, we engage in community outreach, encourage environmental stewardship, and instill a sense of civic duty in our students.

We are also conscious and committed towards our social responsibility and towards managing intellectual property.

We identify, understand and consider the needs and expectations of all relevant interested parties.
